Summary:

Equipped with a strong understanding of computer science fundamentals and practical experience gained from two academic projects. These projects exemplify my adeptness in applying theoretical knowledge to real-world scenarios, highlighting proficiency in problem-solving and project management.

TECHNICAL SKILLS:

- **Languages:** JavaScript, PHP, C++, Java, HTML, CSS
- **Frameworks/Platforms:** Angular, Node.js, Express.js
- **Database:** MySQL
- **Version Control:** Git

ACADEMIC PROJECTS:

[Link]**Freelance Portal Website -** Front End and back End development
Tech stack: Angular, Node.js, Express.js, MySQL
- Front End developed using Angular, providing a sleek and dynamic user interface for seamless interaction.
- Back End was crafted using Node.js and Express, delivering robust and efficient server-side functionality.
- The project utilized MySQL as its database, ensuring reliable data storage and retrieval for optimal performance.

[Link] **Online Turf Management System -** Front End and back End development
Tech stack: HTML, CSS, JavaScript, PhP, MySQL
- Front end was built with HTML, CSS, and JavaScript, resulting in a visually appealing and responsive user interface.
- Back End was implemented with PHP, facilitating seamless server-side processing and data management for efficient functionality.
- The project utilized MySQL as its database, ensuring reliable data storage and retrieval for optimal performance.

EDUCATION:

- **Santhigiri College of Computer Sciences,** Vazhithala | Bachelor's Degree in Computer Applications | **June 2021** to **March 2024**

- **Board of Higher Secondary Education Kerala** | Biology Science | **June 2019** to **March 2021**

- **Secondary Schooling** | **June 2018** to **March 2019**

SOFT SKILLS: Adaptability • Time management • Initiative • Communication • Leadership

INTERESTS: Learning • Football • Exercise • Movies
